SCANDIA LAUNCHES NEW SAIL BRAND & SELDEN DEALERSHIP

Scandia Canvas Works & Sail Loft is proud to announce the launch of our new sail brand "Scandia Sails". Adam Jacobs, Scandia's Sail Designer and Sail Maker, said "we are very excited to bring back a locally designed and built sail brand made right here in our Door County loft to market. We will be offering all of your traditional Dacron cruising sails along with a new line of racing headsails and Selden rigging. Over the past year we have been hearing from sailers and marinas asking us to create our own brand because they want to deal with a local loft that offers personal life-span service and quality products".

In addition to the new line of sails, Scandia Sails is now a Selden Masts Dealer offering the full line of products. The Seldén Group is the world's leading manufacturer of mast and rigging systems in carbon and aluminium for dinghies, keelboats and yachts
